Rules

- Each team will receive 10 BINGO cards each with an individual card number assigned to it.
- The 10 cards can be played by one individual or spread amongst 10 different individuals. It is important that each BINGO card not be duplicated. The same 10 cards will be used for all 4 rounds.
- There will be 4 Rounds of BINGO each with 4 different opportunities to win in each Round. Participants can win by achieving the following patterns:
 - One line or 4 corners
 - Two lines or one line and 4 corners
 - X
 - Full card
- As soon as the first participant has completed a pattern, they will declare their BINGO by un-muting themselves and yelling "BINGO!". They will be asked for their company name and the Card # that has been assigned to each card.
- The BINGO master will confirm the BINGO (or BINGOS) and then continue on to the next pattern until someone has declared a BINGO for that pattern and so forth until the Full Card pattern has been completed in that round.
- Players do NOT clear their cards during the Round, this is continuous play until the final Full Card has been achieved.
- Once a participant has achieved the Full Card pattern, that round will be over, players clear their cards and the next Round will begin.
- Have your BINGO card(s) and markers ready; and extra copies for subsequent games if you intend to use a pen or marker on your card to mark your numbers.
